## TEXAS BOARD OF PROFESSIONAL ENGINEERS

LANCE KINNEY, P.E.  
EXECUTIVE DIRECTOR

Mr. Lance Kinney was appointed as the executive director for the Texas Board of Professional Engineers (Board) at the Regular Quarterly Board meeting on May 20, 2010, effective immediately. Dr. G. Kemble Bennett, Board Chairman, said "the Board has complete confidence in Mr. Kinney's ability to lead the state agency. His background, formerly serving as deputy director of the agency, makes him the right person to serve in this important position. We are indeed fortunate to have Mr. Kinney at the helm".

Mr. Kinney has been with the Board in different capacities for over seven years, providing leadership and guidance to agency programs and activities, including legislative, rule, and policy issues. He is a licensed professional engineer in Texas.

Prior to working at the Board, he worked in the semiconductor industry for 11 years. He has a Bachelors Degree from the University of Texas at Austin, a Masters Degree from Texas State University, and is currently a doctoral student at the University of Texas. He has lectured as an adjunct professor in the Engineering and Technology Department at Texas State University and Electronics and Advanced Technologies Department at Austin Community College.
